Gullwing window full aluminium version

For aficionados of the INEOS Grenadier seeking a smooth integration and immediate access to the cargo area, the aluminium gullwing window by Explore Glazing serves as the optimum replacement or enhancement for their side windows.

Product features:

- **Dimensions:** Crafted to mirror the precise dimensions of the original INEOS Grenadier side windows, the window ensures an installation process that is void of complications.
- **Material & Construction:** The window is constructed from premium aluminium and incorporates two sturdy gas springs and dual lockable latches, ensuring maximum sealing. It boasts complete dust and waterproofing.
- **Finish:** Both the aluminium frame and panel are enveloped in a superior, black industrial powder coating (RAL 9005), guaranteeing resistance against weather-induced discoloration.
- **Installation:** The gullwing window arrives fully assembled, facilitating immediate integration into your INEOS Grenadier.
- **Availability:** Designed specifically for either the left or right side. They are not interchangeable.
- **Additional Accessories:** An extension option is available for the window with the Explore Overlander Light (aluminium fold-down window guard) to augment its practicality.

The aluminium gullwing window from Explore Glazing is a definitive selection for those who desire both aesthetic appeal and functionality in their INEOS Grenadier.

Installation

General

- The dimensions of the windows are meticulously matched to the original windows of your INEOS Grenadier.
- No modifications to the bodywork are needed, allowing the original window to be reinstalled if desired.
- Assembly is straightforward and rapid.
- Thoroughly read the instructions before initiating installation, as once fitted, no claims due to incorrect installation will be entertained.

Windows necessitate mounting with polymer adhesive. A professional-grade polymer adhesive is offered as standard.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
