Sliding window

Outfit your INEOS Grenadier with Explore Glazing's premium sliding windows. Emphasizing functionality and innovative design, these windows offer effective ventilation, contributing to the comfort of passengers and pets during travel or overnight stays.

Product Features:

- **Effortless Operation:** The sliding windows boast smooth sliding mechanisms, enabling easy opening and closing, offering you complete control over your vehicle's ventilation.
- **Precision Fit for INEOS Grenadier:** Customized to integrate flawlessly, our windows align with the original dimensions, facilitating a swift installation.
- **Finish:** The windows feature a top-grade aluminium frame coated with black industrial powder (RAL 9005), providing enduring resistance against weather-induced discoloration.
- **Advanced Sliding System:** The sliding mechanism of the window is crafted to prevent dirt accumulation, a proven system renowned for over two decades in the coachbuilding sector, promising long-lasting performance with minimal upkeep.
- **User-friendly Lock & Adjustability:** The sliding window can be effortlessly opened to various positions and then secured in that position with an easy-to-operate lock.
- **Certified Safety Glass:** Our 4 mm toughened glass complies with ECE R-43 and DOT standards and is available in dark grey with 20% light transmission (80% tinted).
- **Side Options:** Available for both left and right sides. Note: Windows are not interchangeable.
- **Enhanced Features:** Augment your window experience with optional features such as a window guard or the Explore Overlander Light.

By incorporating these high-quality sliding windows from Explore Glazing, you not only enhance the ventilation within your INEOS Grenadier but also enrich the overall aesthetic and functionality, ensuring a comfortable journey for both passengers and pets.

Installation

General

- **Precise Dimensions:** The dimensions of the windows meticulously match the INEOS Grenadier's original windows.
- **No Bodywork Alterations:** There's no need for modifications to the bodywork, allowing for the reinstallation of the original window if necessary.
- **Installation:** The installation process is straightforward and quick.
- **Installation Instructions:** Before initiating the installation, thoroughly go through the provided instructions, as claims arising from incorrect installation will not be acknowledged subsequently.

The windows necessitate the application of polymer adhesive. A superior-grade polymer adhesive is not included but is offered as an option with the quotation.

Elevate your INEOS Grenadier's functionality and aesthetic appeal with our meticulously designed sliding windows! Don't miss out on superior ventilation and enhanced convenience.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
