Gullwing window full aluminium version

Upgrade your Land Rover Defender with this aluminium gullwing window, a perfect blend of robustness and style, ideal for those who crave an amalgamation of elegance and practical utility in their off-roading escapades and journeys.

Product Features

- **Dimensions:** Custom-designed to align with the original side windows of the Land Rover Defender 90 or 110.
- **Construction:**
 - Sturdy aluminium panel 5 mm for heightened durability.
 - Dual resilient gas springs ensuring smooth opening.
 - Pair of lockable compression latches for security and a pristine seal.
 - Comprehensive dust and waterproof protection.
- **Finish:** High-quality aluminium frame and panel with industrial black powder coating (RAL 9005), safeguarding against any weather-induced discolouration.
- **Window Accessories:** Optimize your gullwing window with accessories such as a an Explore Overlander Light or a gullwing storage box.

The aluminium gullwing window arrives fully assembled, primed for immediate installation.

Verify model year before ordering!

Remember to confirm the manufacturing year of your Land Rover Defender to ensure the precise compatibility and a perfect fit of the window. For Defenders up to Model Year (MY) 2002, the window dimensions are 1055 mm x 425 mm with 4 x radius 50 mm. For Defenders post-MY2002, owing to design modifications, the dimensions are 1055 mm x 425 mm with 2 x radius 70 mm at the bottom.

Elevate your driving experience and the overall aesthetics of your Land Rover Defender with this premium aluminium gullwing window!

Installation

General

- The window's dimensions are a precise match to the original window of your Land Rover Defender 90 or 110, necessitating no alterations to the bodywork and making the original window's substitution simple.
- Land Rover Defenders up to Model Year (MY) 2002 have window dimensions of 1055 mm x 425 mm with 4 x radius 50 mm, while those manufactured after MY2002 have 2 x radius 70 mm at the bottom due to modifications in the body design.
- The installation process is quick and easy.

The gullwing window is mounted with M4*16 stainless steel mounting screws and sealed with adhesive.

Additional Services:

For an added fee, black powder-coated stainless steel mounting screws can be provided, a standard option offered to you. A mounting set is proposed with your order and includes:

- 4.2 mm drill
- Cartridge of Dowsil 791 Silicone Weatherproofing
- Brush
- Rubber to wipe away excess sealant
