Land Rover Defender - Halfdrop window

Designed specifically for Land Rover Defender 90 or 110, the Explore Glazing halfdrop-window offers unrivaled functionality and craftsmanship. Its vertical top-to-bottom opening mechanism ensures optimal airflow across the entire width of the window, delivering a refreshing breeze and enhanced comfort during your journeys.

Don't compromise on quality. Upgrade your Land Rover Defender 90 or 110 with the Explore Glazing halfdrop-window and indulge in a ventilation experience that surpasses all expectations. Discover the difference and enjoy the best that Explore Glazing has to offer.

With easy-to-use locks, this window can be securely positioned at various angles to suit your preferences.

Safety is a top priority, and the Explore Glazing half drop window is equipped with 4 mm tempered safety glass that meets ECE-43R and DOT certifications. The polished glass edges ensure both optimal function and safety during your adventures. Choose from the stylish dark grey LT20% or the authentic parsol green LT57% to perfectly match the original Land Rover color scheme.

Crafted with durability in mind, the aluminium window frame features a high-quality black industrial powder coating (RAL 9005). This ensures long-lasting resilience against weather-induced discoloration, maintaining its sleek appearance for years to come.

Ideal for Overlanders and adventurers, the Explore Glazing half drop window allows you to optimize your available space while ensuring excellent ventilation during your trips and overnight stays. Experience the perfect balance of functionality and comfort with the Explore Glazing half drop window for your Land Rover Defender.

When ordering windows for your Land Rover Defender, it is crucial to provide the correct manufacturing year for precise compatibility.

For Land Rover Defenders up to Model Year (MY) 2002, the window dimensions are 1055 mm x 425 mm with 4 x radius 50 mm. However, starting from MY2002, Land Rover made modifications to the body design. The bottom of the window now has a radius of 70 mm, while the upper part remains unchanged with a radius of 50 mm. Therefore, for Land Rover Defenders manufactured after MY2002,

the window dimensions are 1055 mm x 425 mm with 2 x radius 70 mm at the bottom.

To ensure the perfect fit, please provide the accurate manufacturing year when placing your order for Land Rover Defender windows.

The halfdrop windows can be expanded with a window guard or with the drop down table Explore Overlander Light.

Installation

General

- The dimensions of the window fully correspond to the original window of your Land Rover Defender 90 or 110.
- No adjustments to the bodywork are necessary, which means that the original window can easily be replaced.
- For Land Rover Defenders up to Model Year (MY) 2002, the window dimensions are 1055 mm x 425 mm with 4 x radius 50 mm. However, starting from MY2002, Land Rover made modifications to the body design. The bottom of the window now has a radius of 70 mm, while the upper part remains unchanged with a radius of 50 mm. Therefore, for Land Rover Defenders manufactured after MY2002, the window dimensions are 1055 mm x 425 mm with 2 x radius 70 mm at the bottom.
- Easy and quick to assemble.

The gullwing window is mounted with M4*16 stainless steel mounting screws and sealed with adhesive.

For an additional charge, the stainless steel mounting screws can be supplied black powder coated. This option is offered to you as standard.

A mounting set will be offered with your request and consists of:

- drill 4.2 mm
- cartridge of Dowsil 791 Silicone Weatherproofing
- brush
- rubber to remove the excess sealant
