Land Rover Defender - Quarter window aluminium

To provide a more secure alternative to rubber-mounted quarter glass, Explore Glazing introduces a fixed quarter window that significantly reduces vulnerability to break-ins.

Featuring an aluminum frame with the same profile as Explore Glazing's sliding and gullwing windows, our fixed quarter window is coated with a durable black industrial powder coating (RAL 9005). This ensures long-lasting resistance against discoloration caused by weather conditions.

The quarter window is designed to match the cut-out size of the existing quarter glass, eliminating the need for any modifications to your vehicle's body. It seamlessly aligns with the inner lining, maintaining a seamless appearance.

Constructed with a sturdy 4 mm aluminum plate, the full aluminum quarter window is coated with the same powder coating as the window profile (RAL 9005), ensuring a cohesive and stylish look.

Upgrade your Land Rover Defender with Explore Glazing's full aluminum quarter window for enhanced security and a seamless aesthetic. Experience the difference today.

Installation

General

- The dimensions of the window fully correspond to the original window.
- No adjustments to the bodywork are necessary, which means that the original window can easily be replaced.
- Easy and quick to assemble.

The quarter window is mounted with M4*16 stainless steel mounting screws and sealed with adhesive.

For an additional charge, the stainless steel mounting screws can be supplied black powder coated. This option will be offered to you as standard.

A mounting set will be offered with your request and consists of:

- drill 4.2 mm
- cartridge of Dowsil 791 Silicone Weatherproofing
- brush
- rubber to remove the excess sealant

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
