Sliding window

Upgrade your Land Rover Defender Hardtop 110 with the Explore Glazing sliding window, designed to perfectly match the original dimensions of your side window. Experience a hassle-free installation process, allowing you to enjoy the benefits quickly.

Our sliding windows feature a specially developed sliding system that prevents the accumulation of dirt in the slide channel. With over 20 years of experience in the coachbuilding industry, we guarantee a long-term, low-maintenance solution for your vehicle.

The Explore Glazing sliding window is equipped with a user-friendly lock mechanism, offering easy operation and adjustable positions. The glass edges are polished for optimal performance and safety.

Rest assured that our sliding windows meet stringent safety standards, featuring 4 mm toughened safety glass certified by ECE R-43 and DOT. Choose from privacy grey, with a light transmission of 20% (tinted 80%), or parsol green, with a light transmission of 57% (tinted 43%). The parsol green color option is designed to match the original windows of Land Rover, providing a seamless integration with the overall aesthetic of your vehicle.

The dimensions of the existing side windows of the Land Rover Defender Hardtop 110 may vary depending on the specific model and year of manufacture. The most commonly used dimension corresponds to the rear window of a Land Rover Defender 130, with an aperture size of 905 x 365 mm (width x height). The gullwing and sliding windows from Explore Glazing are available in these dimensions.

Available for both the left and right sides, please note that the windows are not interchangeable.

**The sliding windows can be expanded with a window guard or with the drop down table
Explore Overlander Light.**

Installation

General

- The dimensions of the window fully correspond to the original window of your Land Rover Defender Hardtop 110.
- No adjustments to the bodywork are necessary, which means that the original window can easily be replaced.
- Easy and quick to assemble.

The gullwing window is mounted with M4*16 stainless steel mounting screws and sealed with adhesive.

For an additional charge, the stainless steel mounting screws can be supplied black powder coated. This option will be offered to you as standard.

A mounting set will be offered with your request and consists of:

- drill 4.2 mm
- cartridge of professional sealant
- brush
- rubber to remove the excess sealant

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
