Sliding window

The sliding windows from Explore Glazing provide an excellent solution for your vehicle. With our high-quality sliding windows, you can enjoy the following benefits:

1. **Easy operation:** Our sliding windows are designed for effortless operation. With smooth sliding mechanisms, you can open and close the window with ease, giving you control over the ventilation and airflow in your vehicle.
2. **Optimal comfort:** Our sliding windows offer a comfortable travel experience. They provide a wide opening for fresh air and a sense of spaciousness in the interior. Whether you're taking long trips or simply commuting daily, our sliding windows create a pleasant environment.
3. **Durability and safety:** Our sliding windows are made from high-quality materials and designed to ensure durability and safety. They feature sturdy locking mechanisms to prevent unwanted opening and securely seal your vehicle.
4. **Stylish appearance:** In addition to functionality, our sliding windows add a stylish look to your vehicle. They are designed with aesthetic appeal and complement the design of your vehicle, giving it a unique appearance.

Choose Explore Glazing's sliding windows and enjoy the convenience, comfort, durability, and style they provide. Whether you're embarking on adventures or going about your daily drives, our sliding windows are the perfect addition to your vehicle.

The sliding windows have the same dimensions as the original side windows of your Land Rover Discovery I 3 door, and can be installed quickly and easily.

The sliding part of the window is mounted in a specifically developed sliding system, which makes it immune to the accumulation of dirt in the slide channel. It is a system we are using for more than 20 years in the coachbuilding industry and it guarantees long-term low maintenance.

The sliding window from Explore Glazing is fitted with an easily operated lock mechanism and is adjustable in various positions. The edges of the glass are polished for optimum performance and safety.

All sliding windows are fitted with 4 mm toughened safety glass, certified ECE R-43 and DOT, and available in privacy grey, light transmission 20% (tinted 80%).

Available for the left and right side. Windows are not interchangeable.

The sliding windows can be expanded with a window guard or with an Explore Overlander Light.

Installation

General

- The dimensions of the windows fully correspond to the original windows of your Land Rover Discovery I 3-door.
- No adjustments to the bodywork are necessary, so that the original window can be replaced if necessary.
- Easy and quick to assemble.

The Explore Glazing windows are mounted in the original window rubber.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
