

Add-on: window guard for the gullwing glass

For optimal protection of your gullwing's glass during your off-road adventures!

Specifications

Article number	WGX-DISC-II
Price	Price starts from €80,-
Dimensions	Width: 484mm Height: 327mm
Suitable for	Land Rover - Land Rover Discovery 2

Add-on: window guard for the gullwing glass

The window protector – window guard – lies completely on the glass and does not restrict the function of your expedition window.

The glass of your expedition window is optimally protected with the window guard.

The window guard is made of a 3 mm aluminum plate and has the same industrial black powder coating as the Explore Glazing window. Colour RAL9005.

Installation

When ordering an expedition window, we mount the window guard on the glass.
