Gullwing window full aluminium version

For enthusiasts of the Suzuki Jimny FJ (JB43) who desire direct access to the cargo space and are seeking a seamless replacement or upgrade for their side windows, the aluminium gullwing window from Explore Glazing is the ideal choice.

Product features:

- **Dimensions:** The window is designed according to the exact dimensions of the original side windows of the Suzuki Jimny FJ, ensuring a hassle-free installation.
- **Material & Construction:** Made of high-quality aluminium, this window features a robust gas spring and two lockable latches, providing optimal sealing.
- **Finish:** The entire window - the frame and the flap part - is finished with a black, high-quality industrial powder coating (RAL 9005), making it resistant to discoloration due to weather influences.
- **Installation:** The gullwing window is delivered fully pre-assembled, allowing you to integrate it directly into your off-road vehicle.
- **Expansion possibility:** There is an option to extend the window with the Explore Overlander Light, enhancing its functionality.

Installation

General

- The dimensions of the windows fully correspond to the original windows of your Suzuki Jimny FJ.
- No adjustments to the bodywork are necessary, so that the original window can be replaced if necessary.
- Easy and quick to assemble.

The windows must be mounted with polymer adhesive. A professional polymer adhesive will be offered to you as standard.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
