Add-on: external window guard for the quarter window

Enhance the style and protection of your Land Rover Defender with external window guards. Explore Glazing offers high-quality window guards for your Defender's quarter windows, ensuring a uniform and stylish look across all windows. Experience enhanced security and aesthetic appeal with our durable and expertly crafted window guards.

The window guard is an option on the Explore Glazing quarter window and has been developed entirely on our own aluminum profiles, with the following unique features:

- Unique design, which exactly follows the contours of the window profile.
- Fixation on the window profile with the following advantages:
 - The bodywork is not damaged by mounting holes.
 - Easy to return to its original state.

The window guard is made of a 3 mm aluminum plate and provided with the same industrial black powder coating as the Explore Glazing windows. Color: RAL9005.

Installation

For mounting on the Explore Glazing quarter window, use the supplied M5*12 torx security screws, so that it cannot be removed from outside without the right tools.

You need a mounting set, which consists of:

- drill 4.2
- drill 5.0
- tap M5
- Torx bit (tamper-resistant)

The mounting set is offered as standard with your quotation request.
