Gullwing window full aluminium version - rear side left hand side

There are several benefits to using a gullwing window designed specifically for the left rear side window of your Volkswagen T3:

1. **Easy access to the cargo space:** The gullwing window provides effortless access to the cargo area of your vehicle. Opening upwards, it allows you to reach your belongings without any hindrance from traditional tailgates or doors. This makes loading and unloading items a breeze, simplifying the organization of your cargo space. Many people also utilize this window to conveniently access a cabinet they have placed inside the vehicle.
2. **Improved ventilation:** Opening the gullwing window enhances ventilation in the cargo area, particularly beneficial during hot days or when using your vehicle for camping purposes. It promotes fresh airflow, preventing the cargo space from becoming stuffy.
3. **Aesthetic appeal:** Installing a gullwing window adds a unique and visually striking touch to your Volkswagen T3. It gives your vehicle a rugged and adventurous appearance, setting it apart from others on the road.
4. **Versatility:** The gullwing window offers versatile usage options for the cargo area of your vehicle. In addition to accessing your belongings, many people use this window to conveniently reach a cabinet or storage unit they have placed inside the vehicle.

In summary, the gullwing window for your Volkswagen T3 provides convenience, ventilation, aesthetic appeal, and versatility, optimizing your vehicle for various purposes.

The gullwing window, designed for the left rear side of your Volkswagen T3, matches the dimensions of the original side windows and can be easily and swiftly installed. It features an aluminum plate equipped with two robust gas springs and two lockable compression latches, ensuring a perfect seal. The entire gullwing, including the frame and hinged part, is finished with a high-quality black industrial

powder coating (RAL 9005), making it resistant to discoloration caused by weather conditions. The expedition window comes fully pre-assembled and ready to install.

Please note that this gullwing window is only available the left side of your Volkswagen T3. Many people find this window particularly useful for accessing and utilizing an internally placed cabinet.

Installation

General

- The dimensions of the windows fully correspond to the original windows of your Volkswagen T3 Bus (Volkswagen T3 T25 Vanagon).
- No adjustments to the bodywork are necessary, so that the original window can be replaced if necessary.
- Easy and quick to assemble.

The Explore Glazing windows are mounted in the original window rubber.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
