Gullwing window glass version - front side left hand side

Utilizing a gullwing window on your Volkswagen T3 offers a range of advantages.

Firstly, it provides easy access to the cargo area, allowing for effortless loading and unloading of goods without obstruction from traditional tailgates or doors. This convenient feature simplifies organization and enhances the efficiency of accessing your items during your adventures.

Additionally, the gullwing window improves airflow when the vehicle is stationary. While it cannot be opened while driving, it allows for increased ventilation during hot days or while using the Volkswagen T3 for camping purposes. This ensures a fresh and well-ventilated cargo space, enhancing comfort during your travels.

Furthermore, adding a gullwing window enhances the overall aesthetic appeal of your Volkswagen T3. It gives the vehicle a distinctive and eye-catching look, setting it apart from others on the road. This feature contributes to the rugged and adventurous appearance of your vehicle, adding a touch of style.

The versatility of the gullwing window is another notable benefit. It enables you to utilize the cargo area in various ways, serving as a practical workspace, a comfortable sleeping area during camping trips, or simply a convenient spot to store your belongings. This flexibility adds value to your Volkswagen T3, allowing you to adapt it to different purposes as needed.

In terms of convenience, the gullwing window is particularly advantageous for adventurers and travelers. It ensures easy access to necessary items, streamlining your overall experience. Whether you're on a road trip, exploring off-road terrains, or embarking on outdoor adventures, the gullwing window enhances the functionality and usability of your Volkswagen T3.

Experience the numerous benefits of a gullwing window on your Volkswagen T3, brought to you by Explore Glazing. Enjoy effortless access, improved airflow, aesthetic appeal, versatility, and convenience, while ensuring the precise alignment of your window for optimal performance.

Product Features:

- **Secure sealing:** The gullwing window features a tempered glass plate, ensuring durability and safety. Equipped with two robust gas springs and two lockable compression latches, it

guarantees a secure and perfect seal, protecting the contents of your T3's cargo area.

- **Weather-resistant frame:** The window frame is constructed from high-quality aluminum and finished with a black industrial powder coating (RAL 9005). This coating provides excellent resistance against discoloration caused by various weather influences, ensuring the window maintains its aesthetic appeal over time.
- **Easy installation:** The gullwing window comes fully pre-assembled and ready for installation. This saves you time and effort, allowing for a convenient and hassle-free setup.
- **Tempered safety glass:** The 5 mm tempered safety glass plate used in the window is certified with ECE 43R and DOT, ensuring compliance with safety regulations. It is available in privacy grey with a light transmission of 20% (tinted 80%).

Please note: the gullwing for the front left side window is not compatible with the sliding door on the right side, making this variant exclusively available for the left side.

The gullwing window can be expanded with a window guard and a drop-down table Explore Overlander Light.

Installation

General

- The dimensions of the windows fully correspond to the original windows of your Volkswagen T3 Bus (Volkswagen T3 T25 Vanagon).
- No adjustments to the bodywork are necessary, so that the original window can be replaced if necessary.
- Easy and quick to assemble.

The Explore Glazing windows are mounted in the original window rubber.

It is important that the Explore Glazing products are assembled correctly and safely. Careless assembly can lead to accidents and serious damage and / or injury to you or others. If you have no technical experience or are not familiar with the general assembly instructions, we recommend that you have our products assembled by a professional company.
